### **ADI-CS has selected Baac Office to provide Accounting and Bookkeeping Services Within NetSuite and saved the company 50% of the typical costs**

**January 1, 2009 – ADI Computer Solutions**, providing security for home office and small business computer systems, has selected Baac Office to assist them in their Accounting and Bookkeeping needs within NetSuite which provided more value for their NetSuite System and the entire company.

#### **Baac Office:**

- Provides accounting and bookkeeping services within NetSuite that are very cost effective
- Took over the day to day bookkeeping and accounting functions
- Resolves many issues within NetSuite
- Recommends NetSuite Solution Providers where their specialized skills may be required
- Keeps the financial statements in an accurate and timely manner
- Assists with monthly, quarterly and year end reporting for the CPA / Tax Specialist
- Customizes and fine-tunes Searches, Dashboards and Reports in NetSuite

“The justification was rather easy”, said Alan Dubla, President of ADI-CS. “I was able to utilize Baac Office to complete the accounting and bookkeeping activities within our business, and to fine-tune NetSuite without having to hire a full time employee.” He continued by saying “no matter what our accounting or NetSuite issues were, Baac Office was able to help us. In our situation, we believe Baac Office has saved us nearly 50% of the costs we’d normally pay for bookkeeping, accounting and fine-tuning NetSuite for our specific needs.”

Barry Boese, President and CEO of Baac Office states “We at Baac Office have been assisting NetSuite Customers for eight (8) years and are very pleased with our success at ADI Computer Solutions and are poised to assist many other NetSuite Customers in the United States, Canada and Europe who are looking of a cost effective way to complete their accounting and bookkeeping activities within NetSuite.
